

HHSS honours outstanding athletes

Athletes from Haliburton Highlands Secondary School were honoured by staff and friends Thursday evening during the annual awards banquet. The event was held at the Haliburton Legion.

The students received trophies, crests and awards for their participation in intramural sports and extramural competitions. Highlight of the evening was the announcement of the male and female athletes of the year.

The awards were presented to Marla MacNaull and Ron Yake. Marla also received a minor cumulative athletic award and three most valuable player awards for

field hockey, junior volleyball and junior badminton. Ron Yake, who also headed the boy's athletic association at the school, received two citations as most valuable player in senior volleyball and the football coaches' award.

Other most valuable player awards were presented to Barb Adams; Sheila Harrison for field hockey; Suzanne Penney for cheerleading; Nancy Shipley in senior volleyball; Signe Tashlin in junior badminton and junior volleyball; Joanne Teskey in gymnastics; Rick Choy for football and senior badminton; Casey Cox for football; Paul Mayo in junior badminton; Colin Newell in soccer;

Scott Rae for soccer; Jamie Rogers for football; Steve Smith in junior volleyball; Paul Vuksic in junior badminton; Kevin Warburton for soccer skill development.

Margie Newton, who competed last week in the all-Ontario games in Thunder Bay, received her second major award under the cumulative awards system while Pam Iles was presented with her first major award certificate.

Mike Hatkoski received his first major award certificate.

Recipients of minor awards included Kathy Mosgrove, Marla MacNaull, Cathy Darby, Miriam Vanderwal, Terry Crowe, Terry Allore,

Roger Hicks, Dave Pratt, Tony Scheffee and Randy Vanderstarren.

Other students to receive certificates of achievement include:

Barb Adams, Darlene Allison, Lynne Allore, Wendy Ballantyne, Wanda Blakey, Linda Booth, Kim Brown, Kim Burk, Terri Burroughs, Cathy Darby, Sherry Davis, Wendy Davis, Tara Davies, Lisa Dunham, Lori Dunham, Janice Emmerson, Karen Franke, Karen Gillespie, Sharin Gilligan, Sheila Harrison, Eileen Henderson, Sandra Heywood, Maureen Hopwood, Pam Iles, Lisa Jones, Veronica Jordan, Lori Kellet, Heather Kennedy,

Stephanie Kuno, Marla MacNaull.

Lisa Malott, Janet Mayo, Edna McBurney, Kim MacDonald, Karen Miller, Helen Milne, Kathy Mosgrove, Louise Newton, Cheryl Nicholls, Suzanne Penney, Brenda Phillips, Jenny Rendall, Sheri Roberts, Maria Rosenberg, Shona Ross, Kathy Shipley, Nancy Shipley, Wendy Sicard, Signe Tashlin, Joanne Teskey, Apryl Thomson, Rosanne Upton, Miriam Vanderwal, Anne-Marie Vanlieshout, Sanni Walker, Sharon Williams, Sheila Wilson, Tracey Wilson, Susan Wingat, Cheryl Wright.

Terry Allore, Norman

Barry, Wade Barry, Rick Beene, David Bishop, Drew Bishop, Shane Blakey, Barry Boice, Ted Brandon, Brad Chambers, Rick Choy, Glan Clarke, Craig Coneybeare, Casey Cox, Doug Cross, Terry Crowe, Tim Deremo, Steven Dodd, Lee Finlay, Shawn Finlay, Sean Harrison, Mike Hatkoski, Rob Heywood, Roger Hicks, Chris Lodenquai, Joe Lopresti, Robert MacLeod, Steve MacNaull, Paul Mayo, Rick Magee.

VOLUME III, No. 33

Wednesday, June 10, 1981

The Minden Curling Rink building fund is now \$6400 richer thanks to the efforts of the local Rotary Club. The organization's president, Stu Brandon, presented fund raising chairman Al Mayo with the cheque Monday evening.

150 competitors expected for white water weekend

More than 150 competitors will be vying for top honours this weekend as the Canadian White Water Championships are staged at the Horseshoe Lake rapids. Hosted by the Ontario Wild Water Affiliation, the event will be staged at the newly created Wild Water Preserve.

Paddlers are expected to attend from all provinces west of Quebec including the Yukon. They will challenge the foaming waters in single and double canoes and kayaks. One of the main highlights of the weekend will be the hot dogging and free style competition scheduled for Sunday afternoon.

The Minden Rotary Club has been responsible for preparing ancillary services for the event. Club president Stuart Brandon told The Times that between 4000 and 10,000 spectators are expected to attend the event. "Attendance will probably be greatly affected by the weather," Brandon noted, "as all of the competition takes place out of doors." He also noted that the event was given an extra boost earlier this week when one of the featured competitors, Claudia Kerckhoff, appeared on the television program, Canada A.M. He said the competitors will be using a variety of

accommodations in the area including camping, motels, hotels and cabins.

A number of competitors have already moved into the area and have been testing the waters at the site. Members of the Ontario clubs have had opportunities to compete here but many of those coming from other provinces will want to take advantage of this week to become familiar with the course.

The Minden White Water Preserve is located three miles north of Minden on Horseshoe Lake Road One. For more information on the event please see the centre two pages of this edition.

Date set

A new date has been set for the hearing of a charge laid against the Rockcliffe Hotel in the summer of 1979. The owners of the main street establishment have been charged with allowing excessive noise to be created.

At a brief hearing Tuesday, September 1 was set for the trial. The charge has been laid by the municipality after receiving a number of complaints.

Supervisor fired at Hyland Crest

The board of management for Hyland Crest home for the aged has fired the nursing supervisor, Phyllis Kennedy. Chairman of the committee, Lutterworth Reeve Ron Gambell confirmed the dismissal this week. He said the board is now advertising to fill the post.

Mrs. Kennedy, a long-time employee of the home, was suspended from her post last month pending an investigation by the board. The management group, made up of reeves and deputy reeves from the county, met last Tuesday. According to the chairman the meeting took three hours and in the end it was decided to dismiss Mrs. Kennedy.

The 60 bed home is owned and operated by the county. Gambell refused to comment on the reasons for Kennedy's dismissal. He described the action as an internal management decision and all members of the board agreed that no comment would be made on the reasons for the action. Pressed on a number of allocations circulating in the community with regard to the firing, Gambell would only respond, "no comment."

The dismissed supervisor also refused to comment on the action except to say that during her term at the home she felt she had always placed the best interests of the residents first.

Reports from reliable sources have indicated the dismissal has caused concern on the part of residents of the home and has created sharp divisions among staff members. The action has also created concern in the community with a number of stories and rumours circulating as to the reasons for the dismissal.

While the board of management considers applications for the vacant position, Linda Wood has been designated as the acting temporary supervisor of nursing.

Charges follow single car mishap

A thousand dollars damage was done to a Haliburton man's car after he missed a curve in the road.

Dale Carey, 23, was driving on Highway 519, near Lakeview School Monday night (June 1) around 11 o'clock when the accident occurred.

He has been charged with careless driving, not having a licence and obstructing police. His brother, Donald, 25, a passenger in the car, was also charged with obstructing police.

Constable Weldon Popp was the investigating officer.

Deer missed - stereo gone
Friday night about 10, an Oshawa man swerving to miss a deer on the road hit a rock. The impact resulted in \$2000 damage to his vehicle.

John L. Monterio, 17, was

driving on a Havelock Township road near Kennis Lake at the time.

But for Monteiro the bad news continued the next morning when he returned for his car he found his \$500 stereo had been stolen.

The deer had not been injured. Police report however, that in four separate accidents in a five day period, deer were hit and killed in various parts of the County.

The Monteiro accident was investigated by Constable Boyd Jarvis.

Boat taken

A Scarborough man arrived at his cottage on Kennis Lake Friday and discovered his \$16,000 jet boat had been stolen.

(more on page 3)

Margie Newton, left, Ron Yake and Marla MacNaull were three of the outstanding athletes honoured during a HHSS banquet Thursday evening. Margie attended the all Ontario high school track and field meet in Thunder Bay last week. She placed eighth in the senior girls high jump competition. Marla was selected the girls athlete of the year while Ron was chosen the top male athlete at the high school.

BIA board member appointed

A new member has been appointed to the board of management for the Minden Business Improvement Area, (BIA).

Wally Bunn will take Ron Wrightman's place on the board. Wrightman resigned last month.

Bunn, in a letter to the council pointed out that he was not entirely in favour of the BIA, but was willing to serve on the board if there was a vacancy.

The appointment maintains the balance of those in favour of the program and those opposed on the board, as requested by an Ontario Municipal Board member during a hearing in January.

The appointment of Wally Bunn, who operates the Sears order office and Minden Billiards, was approved at the May 29 meeting of township council.

A Dramatic Demonstration

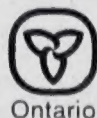

It's often assumed that people with mental or physical disabilities cannot participate in today's complex society.

As a symbolic gesture in this International Year, we've done something out of the ordinary: we've produced a television commercial—just to set the record straight.

Consider this. Of the 68 people involved in our production, 42 are mentally or physically disabled: among them, the director, the cameraman, the set designer and the carpenters, the electrician, the make-up

artist, the sound engineer, the announcer, many of the musicians and the man who wrote the music, who was deaf—but is better remembered for being Beethoven.

If you've seen the commercial, you've seen what happens when we work together. If you haven't seen it yet, it's a dramatic demonstration of a single simple point: disabled people should be thought of for what they can do, rather than what they can't. Our slogan, created by a man with a disability, sums it up and says it all: "label us able."

Guild salutes Carole Finn

Carole Finn has a lot of friends at the Guild of Fine Arts and last Wednesday night they gave her a superb send-off dinner to close out her term as curator of the Rails' End Gallery.

Finn has been a moving force at the Gallery since its opening two years ago and was instrumental in organizing the building where local and other Canadian artists can display their work.

John Augusteign, who also has been deeply involved in the Gallery, spoke of Finn's enthusiasm and her hard work in achieving the success the gallery has attained in such a short time.

Murray Fearrey, Dysart et al Reeve and Warden of Haliburton County expressed his thanks to Finn for her "determination and dedication" and thanked her on behalf of the county and residents of the community.

As a token of gratitude, Donna Monk, president of the Guild, on behalf of, as she put it, "your friends here tonight", presented Finn with a gift, a doll crafted by one of the artists who had displayed her work at Rails' End.

Although Finn's official term has ended, she will be involved with the progress of the Gallery. The new curator, Lucinda St. Pierre, was welcomed and wished well in her new job.

Haliburton seniors mark their day

There was a full house for Senior Celebration Day held last Tuesday (June 2) at Haliburton High School.

Several other special events were also celebrated including the first anniversary of the Haliburton County Home Support Services, Senior Citizens' Week and the Year of the Disabled.

Mr. Jim Ross acted as chairman and the high school band delighted the audience with five selections showing the high musical calibre of the group.

In addition to senior citizens from throughout the county, students from the family studies class at the high school joined the audience.

Dr. Joy Ballard was guest speaker. It was not easy to speak to two diverse age groups but she very ably managed to keep both

interested. Her theme pertained to the "Year of the Disabled".

She has suffered from multiple sclerosis over a 20-year period but still maintains her happy outlook. She told the gathering to see the "person", not the disability and demonstrated how disabilities could be stepping-stones to greater service.

She told of her recent hospital stay as being a happy experience and of her future ambition to write a book which she will entitle "The Bedpan and I".

In conclusion she quoted the poem, "Lord, forgive me when I whine". With her sunny personality, her humour and her message of optimism, it was not surprising that she was given a standing ovation.

The Haliburton Highlands

Scott has toll-free line

Do you have a complaint or problem that only your Member of Parliament can attend to? There is now an easier, and less expensive way, to get in touch with your representative.

Victoria-Haliburton MP Bill Scott has installed a toll free line for constituents wishing to call his office in Lindsay. The number is available for all residents of the riding outside the immediate Lindsay area.

Constituents wishing to get in touch with Scott should call the operator and asking for Zenith 63670.

3 to attend OPP Auxiliary ceremony

Three members of the Ontario Provincial Police Auxiliary from the Minden detachment will be taking part in twentieth anniversary celebrations June 13 in Kingston.

Dick Schell, Bob English and Brent Clarkson will be among the 500 members of the Auxiliary to attend for the march-past and inspection at the Queen's University grounds.

The Auxiliary is a dedicated group of men and women who commit themselves to spending a certain

amount of time each month on patrol with regular OPP officers and undergoing law enforcement training.

There are 17 Auxiliary units attached to OPP detachments, mainly throughout southern Ontario including St. Catharines, Port Credit, Whitby, Peterborough and North Bay.

A full agenda has been planned and the Auxiliary members, many of whom will bring their families with them, will be guests at a special performance of the Old Fort Henry Guard on Friday, June 12 with the inspection on Saturday. A fellowship breakfast will be held on Sunday.

Police

(from page 1)

Ronald MacLeod reported the boat was stored on a trailer chained to trees with two separate padlocks.

Investigation by Constable Al Bibby.

Boats & motors

Two Boshkung Lake residents reported Saturday that their outboard motors had been stolen.

Carl Doey reported his 9 1/2 horse power motor and a gas tank missing while William Kennedy reported the theft of his 7 1/2 horse power motor.

In another theft on the same day, an Ingoldsby man, Edward Sevic, reported his paddle boat missing from his Kashagawigamog Lake residence.

A canoe and an aluminum boat were stolen from a Maple Lake resident, Anna Medgadya, also on Saturday.

All thefts are being investigated by Constables Al Bibby and Bob Pearson.

Car theft

A 1971 model car was reported stolen from a residence in Haliburton on Saturday.

Peter Vanderwal reported the theft around 9:30 in the morning.

At 6 that night, the car was found abandoned at the Rotary Park in Haliburton but the contents, tools, vacuum cleaners, a briefcase and several other items worth \$1700 had been stolen.

The incident was investigated by Constable Al Bibby.

Editorial

'No comment' is not enough

The handling of personnel matters in a publicly operated institution is always a delicate matter.

On the one hand, the people who fund such a place have a right to know how it is being managed and the reasoning behind major decisions. After all, they are providing the money which supports such an institution. In this instance they also have more than a monetary interest as many have relatives or friends who are residents.

At the same time, some details of the operation, personnel in particular, usually fall into the area of confidentiality as they do in private situations. Without such protection it is unlikely individuals would be willing to be employed there.

Such is the dilemma which faces the Hyland Crest board of management since the dismissal of the director of nursing at the home last week. The board has chosen to say nothing other than to acknowledge that indeed the individual has been fired.

However, the action of the board in this case has attracted a great deal of public interest and concern. Many individuals, with perhaps only limited knowledge of the details, have expressed deep reservations of the decision to fire the director of nursing. Indeed, it appears the action has severely divided the staff at the home, troubled the residents and caused an outcry from the people of the county who support the home through their taxes.

It is certain that rumours, reports based on less than complete facts and innuendo will continue to circulate. Perhaps, in time they will fade, but there will always remain a nagging doubt as to whether the individuals elected to manage the home's affairs acted in the best interests of all concerned.

The position of the nursing supervisor is an important one at a home for the aged. If the dismissal is indeed justified, the public deserves more than the "no comment" offered by the chairman of the board of management.

The silence leads one to wonder if it is the confidentiality of personnel matter that is uppermost in the board's mind, or whether there are problems in the home's operation and management which run much deeper. Only a more complete statement from on the situation will help to answer these questions for the public.

Big Splash

National attention will be focused on Minden this weekend as paddlers from six provinces converge on the area to test their mettle and fragile boats against the surging power of the Horseshoe Lake rapids. The National White Water Championship is the culmination of years of effort on the part of many individuals and the Ontario Wild Water Affiliation. The organizers deserve congratulations in having brought this dream to fruition.

The competitors will add a great deal to the local economy by their presence, as will the spectators who come to enjoy the action and the coast to coast recognition this area will receive as a result of this event. The community should be proud to have this exciting sport right in our own back yard.

A warm welcome to all who come to enjoy our hospitality.

Coming up

Thursday June 11 - Music & drama night for grades 6, 7 & 8 at Archie Stouffer School, Minden at 7:30 p.m. Tickets available at the door - \$1.00 each.

Sat. June 13 - Agricultural Society Annual Beef Barbecue - Minden Arena 6 p.m. to 1 a.m. Welcome!

Saturday, June 13: Canadian White Water Slalom Championships

Spring daisies

MNR staff is growing

by John Eakins, MPP

Sometimes the movement of government ministry personnel from one location to another is simply responding to population shifts and changing programs. I often fear that it is carried out quietly to simply prepare people for the day when regional government will be brought in by the back door. If people and jobs are shifted gradually over a period of time, no one really notices and therefore no objections are raised.

Such has been the case with the Ministry of Government Services and the Ministry of Community and Social Services. Responsibility for social services has been transferred to Peterborough, and government services to Orillia. Both have skeleton staff in Lindsay.

During the provincial election someone wrote a press release for one of the parties, inferring that during my leadership as your Member, the Ministry of Natural Resources staff had decreased, and indeed would be moving to Huntsville. This is not so. I contacted the Deputy Minister of Natural Resources and found the opposite is true.

A major reorganization of the Ministry took place effective April 1, 1973 (before I was a Member) and only a few position transfers have taken place since then. Actually, since then, there have been increases in staff numbers.

One requirement during this reorganization was that it be done with existing members of staff. So while existing district offices like Lindsay had staff numbers reduced, other places like Minden had an increase both in numbers of staff and in capability.

The Deputy Minister informs me that some staff did move to new offices such as Huntsville. While they were located outside the area in question, they have regional planning responsibilities for the area. Regional staff located in the Richmond Hill office relate similarly to the Lindsay office.

The writer of the election article was certainly short on

research. Through the reorganization and recent assigned positions, a net gain of thirteen positions exists in the Minden office. Similarly, while staff numbers in the Lindsay office decreased in 1973, eleven additional

positions have been established since then, especially since the time of my election.

I have been assured that there will be no significant changes in the future of either staff or offices in the Lindsay and Minden districts.

outdoors

by Ron Reid of the Federation of Ontario Naturalists

"Ontario has some of the best unused environmental legislation in North America".

This observation by one of Canada's leading environmental lawyers was reinforced once again by the Davis government's recent actions on Highway 404.

The 404 expressway stretches north from Toronto into the rolling hills around Markham and Richmond Hill. In 1981, another 4 miles were scheduled for construction. But although the approval in principle for the highway had been given years ago, the specific details of location and design fall under the provincial Environmental Assessment Act. That Act requires a thorough review of

the highway plans by other Ministries and the public before construction can proceed.

In this case, many of the concerns related to the crossing of a major wetland area, including an area known as White Rose Bog which had been a favourite location for rare plants. Despite some grumbling about the inadequacy of the environmental assessment documents provided by the Ministry of Transportation planners, the government reviewers okayed the project. But one member of the public, a botany student named Steve Varga, did not, and requested a hearing. But to his surprise, he found that

Editor:

In your last issue, there was a report on council proceedings concerning the sale of a home in Minden under 'Power of Sale'.

As you are aware the municipality was asked to write off certain 'arrear' on this home by the mortgage holder as there was no money left after paying the mortgage and other accounts, such as the real estate commission.

The stand that was taken was that our arrears should have also been paid.

From the report, it has been taken by some, that there might have been some impropriety in the real estate transaction, throwing a cloud not only on the selling realtor but the whole real estate industry in Minden.

The meat of the matter was the collection of the 'arrear' and nothing else, with any other things mentioned, only as a reference.

In the 'Power of Sale' transaction, the rate of commission is preset and in the case of M.L.S. it possibly would be 6%. In this case it had been set at 5 1/2%.

I hasten to assure all concerned that I never did say or imply that there was any impropriety.

The real estate transaction in the sale of this home was carried out in the normal and prescribed manner by the selling realty company which was 'Wrightman Realty Ltd.' and I am sincerely sorry that it might have caused them any embarrassment - especially the selling salesman - Bill Payne.

Eddie Pergolas,
Minden.

Editor:

Are you aware that the fine young people of our county are being exploited? They are being taken advantage of. There is a manufacturer making it; there are retail stores in Haliburton selling it; our young people are buying it; a beer-like malt drink in a beer-styled bottle.

You don't have to look very far in our own county to see how alcohol can easily be misused. It can kill, it can destroy a personality and it can destroy a family. The use and abuse of alcohol should not be glamorized. Our young people are being taken in by the mood of the day and a slick promotional gimmick.

If we don't stand up and say something, what kind of attitudes and behaviours are we condoning? If one reads the papers it seems that it is an age of violence and hate. The caring concern and loving part of people is there. If we are going to help people learn to care about others we must start helping them care about themselves. If you care you cannot let this product and the attitudes it will foster, go by unchallenged. We must do something. Our young people are worth it.

Ted Reid,
Minden, Ontario.

Rate continues to climb

by Bill Scott, MP

Any hopes we might have had for some relief from record high interest rates were crushed last Thursday when the Bank of Canada raised its prime lending rate to an all-time high of 19.10 per cent.

The Bank of Canada rate sets the trend for the industry, and so most chartered banks have already raised their prime rate, the rate they charge their preferred customers, to 20 per cent.

This latest interest rate hike strikes still another devastating blow at those affected most by excessively high interest rates, the farmers and small businesspeople.

I pointed out in a speech in the House last week that our farmers are already hard pressed by rising costs of such things as equipment, feed, seed, fertilizer and other necessities. With the added burden of spiralling interest charges on credit purchases and bank loans, it is both a miracle and a blessing that anyone bothers to try to continue farming.

I reminded my colleagues that our young people are being discouraged from going into farming as a lifetime career. Even if they could afford the initial cost of a farm, and could raise the down payment, they would not be able to afford the interest charges on a mortgage. Each year more and more viable small farms fall into the hands of developers and large agribusiness corporations.

My Caucus colleague and a

former finance minister the Honourable John Crosbie said that the current rise in interest rates can be laid at the door of Prime Minister Trudeau and Finance Minister Allan MacEachen.

Crosbie said that it was wrong for the government to blame Bank of Canada governor Gerald Bouey for the rise in interest rates, because the power to make such decisions rests with the prime minister and cabinet.

Prime Minister Trudeau elected to let interest rates float last year in an attempt to halt the rise in inflation, but it has not worked. While inflation is declining in the United States it is in the double digit range in Canada, and still rising.

The Canadian dollar hovers in the 82 cent (U.S.) range, and the national economy is in a general state of decline. Unemployment in Canada is rising, at a time of year when traditionally the rate of unemployment shows a drop.

There is a double tragedy

involved in the current round of increases in interest rates and inflation. First of all, the government is putting all of its economic eggs in one basket. It is supporting high interest rates in an effort to control inflation when it should be dealing with every aspect of the economy.

It has not yet dawned on the government that its present economic policies are potentially disastrous, especially to the business community and the farming industry. Added to this is the federal government's urge to borrow more and more money, feeding inflation and adding to our staggering national debt.

The second part of the tragedy is the Prime Minister's insistence on bypassing Parliament and going it alone. Over the months wasted in useless debate on Trudeau's Constitution Resolution Parliament should have been debating measures to stabilize our economy, create jobs, halt inflation and shore up a sagging Canadian dollar.

A new cash crop

It's haying time again in Ontario. From all indications, there should be a very good crop of hay in 1981.

Hay as a cash crop is of interest to many farmers in Ontario. Unfortunately, most farmers still haven't found a successful marketing system for hay.

Hay marketing is haphazard at best. Neither buyers nor producers are very satisfied with their hay dealings. Usually the going price for hay, is the price for the poorest quality product available. No one benefits from that market, and it certainly doesn't encourage a farmer to produce quality hay as a cash crop.

As hay is the major crop in Victoria County, the County Soil and Crop Improvement Association have been interested in hay merchandising. This association has collected information on hay quality from several sources, and has developed a set of hay grading guidelines.

These guidelines can assist both buyers and sellers to evaluate hay quality and relative feed value. From this, the relative dollar value of the hay can be negotiated. Copies of these hay grading guidelines are available from the Lindsay Agricultural Office.

As a follow-up to the Ontario Hay Merchandising Seminar held in Guelph last January, a provincial committee has been established. This committee consists of interested producers, dealers and OMAF staff. It is looking

at all aspects of marketing hay, and hopes to find answers to at least some of the problems plaguing hay marketing.

Quality standards, transportation costs, packaging methods, costs involved in setting up a hay business, and an agency to organize hay

sales, are some of the topics being considered.

Hopefully hay can become an important cash crop for many farmers in the near future.

Stabilization payment

Ontario Minister of Agriculture and Food, the

Honourable Lorne Henderson, has announced a payment for pork producers enrolled in the Ontario Sows-Weaner Stabilization Program.

A payment of \$51.94 per sow enrolled will be made for the period October 1, 1980 to March 31, 1981. The cheques

should be in the mail by late June.

Pork producers must have joined the program to receive payment.

Payment is based on 95% of the average cost of production for the last five years.

Hog prices were depressed during the six month period.

RATE INCREASE

CANADA SAVINGS BONDS

EFFECTIVE JUNE 1, 1981 THE RATE OF RETURN ON ALL CANADA SAVINGS BONDS HAS BEEN INCREASED TO 16 1/4% PER ANNUM FOR THE 5 MONTH PERIOD ENDING OCTOBER 31, 1981.

The rate of return for each subsequent year until the Bonds mature continues to be 10 1/2%. This rate will be reviewed at the time the terms of the new 1981/82 Series are announced this Fall.

(Cut out and attach to your Bonds.)

Bid accepted

Minden township council will purchase a new six ton diesel truck from Boice Motors in Haliburton. The new vehicle will cost \$49,200.

Council agreed to the purchase May 29 after accepting the recommendations of a committee established to study three bids submitted.

The vehicle is a snow plow with a dump box, one way plow and snow harness fully mounted. The municipality will be offering a vehicle in trade for the new truck.

OUTDOORS

(from page 4)

construction was already underway, totally ignoring the legal process contained in the environmental legislation.

The highway builders had been caught red-handed, and public pressure was building for an injunction to stop the illegal construction. Instead, Premier Bill Davis announced that the Cabinet had suddenly exempted the project from the Environmental Assessment Act. The unprecedented move is probably the single most damaging act to date in undermining environmental law in this province. It appears to establish the principle that if environmental legislation becomes inconvenient, you simply exempt the project in question.

No doubt we will be seeing other major projects in future, with potentially far more harmful effects, suffer the same fate in the name of urgency or economy. The long slow backtracking from the Environmental Assessment Act to the Environmental Exemptions Act has taken one more step.

CANADA SAVINGS BONDS RATE INCREASED TO 16 1/4% EFFECTIVE JUNE 1, 1981 TO OCTOBER 31, 1981.

With this increase, the annual return on all unmatured Canada Savings Bonds for the year which began November 1, 1980 is 13.85% - interest at the rate of 11 1/2% for the first 5 months, 13 3/4% for the next 2 months and 16 1/4% for the remaining 5 months.

SERIES DATED BEFORE 1977

Series dated before 1977 have a bonus payable at maturity. Holders of these Series will receive the higher rate of return through an increase in the value of this bonus payment. The new bonus amount per \$100 Bond of each Series is as follows:

Series	Maturity Date	Cash Bonus at Maturity
1968/69	Nov. 1, 1982	\$17.48
1970/71	Nov. 1, 1981	\$10.37
1972/73	Nov. 1, 1984	\$24.33
1973/74	Nov. 1, 1985	\$29.69
1974/75	Nov. 1, 1983	\$ 9.87
1975/76	Nov. 1, 1984	\$13.30
1976/77	Nov. 1, 1985	\$17.77

Bondholders who redeem these Bonds prior to maturity will not be entitled to the cash bonus but only to the original return payable, as printed on the Bond certificates. Bondholders may continue to cash interest coupons each year and be entitled to the cash bonus.

SERIES DATED 1977 TO 1980 INCLUSIVE

For these Series the annual rate of 13.85% will apply for the year which began November 1, 1980, instead of the rate printed on the Bond certificates. Each \$1,000 Regular Interest Bond will now pay \$138.54 interest on November 1, 1981.

In addition to regular annual interest at the rate stated above, Compound Interest Bonds will earn compound interest at the rate of 11.21% for the 1977/78 and 1979/80 Series, 11.32% for the 1978/79 Series and 11.14% for the 1980/81 Series - these rates are the new average annual yields from November 1, 1980 to maturity of each Series. With this increase, each \$100 Compound Interest Bond grows to the following value at maturity:

Series	Maturity Date	Value at Maturity
1977/78	Nov. 1, 1986	\$245.01
1978/79	Nov. 1, 1985	\$209.39
1979/80	Nov. 1, 1986	\$211.92
1980/81	Nov. 1, 1987	\$209.50

NOTE: The 1980/81 Series of Canada Savings Bonds was withdrawn from sale effective May 29, 1981. Terms of the new 1981/82 Series will be announced this Fall.

Instructors learn canoe techniques at Camp White Pine

"People who think they're teaching canoeing aren't. They're teaching people using canoes."

Those were the words of Jim Gear, one of the instructors at an eight-day canoe skills and instruction course at Camp White Pine near Haliburton Village.

The course is run by the Ontario Recreational Canoeing Affiliation under Canoe Ontario.

Most of the people at the course are personnel from various camps who will be using the information they glean and the skills they acquire during the summer at various camps throughout the province.

Course director Terry Thomas says, "The program promotes safe canoeing methods, skills and techniques and will hopefully do the sport some good."

During the eight days, the "students" are taught manoeuvring techniques in various water and weather conditions while solo canoeing.

Safety and rescue procedures related to canoeing as well as the repair and design of canoes are covered.

But not all the work is done on the lake. Brief lectures are given on theories of learning, that is, learning the skills of canoeing which an instructor must be able to pass onto others in an effective manner.

A lot of time is spent on teaching styles and objectives. The students get several

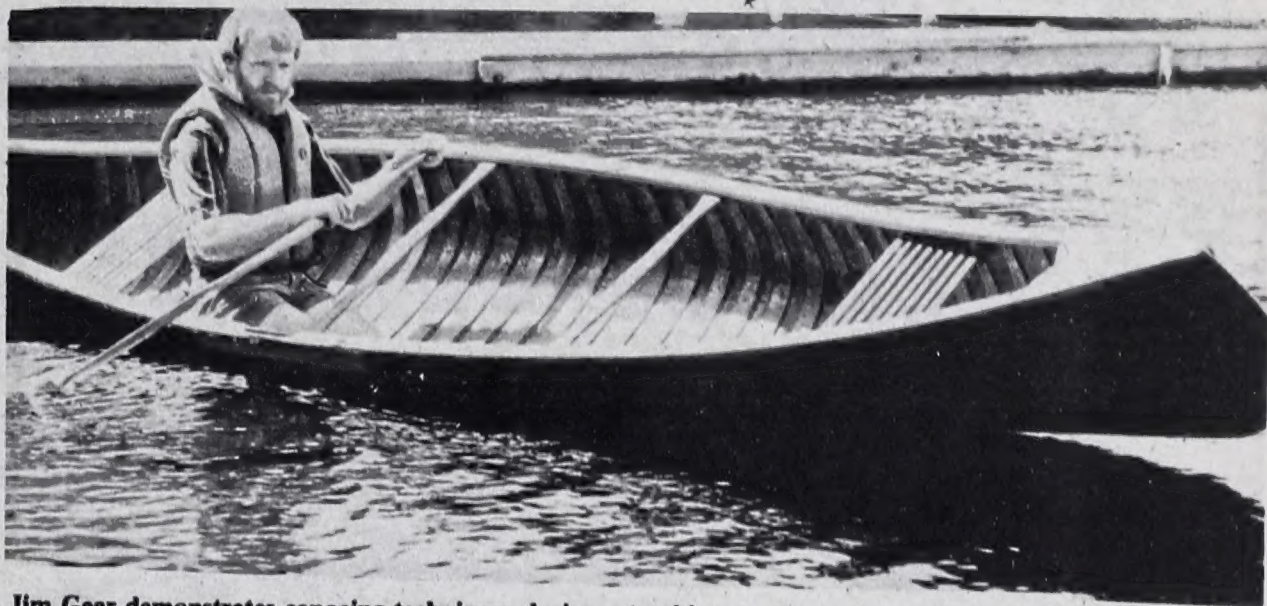

opportunities to teach each other during the course to see how learning is done. It also gives them a chance to step into the young camper's shoes when they're being taught.

At the end of the course, the students have a practical and a theoretical exam. Two certificates are awarded. The instructor's certificate will qualify the person to instruct basic O.R.C.A. programs.

The second certificate represents the highest level of skill achievement for canoeing within O.R.C.A.

One of the most important lessons to be gained from the course is that the learning must be fun for the kids.

Jim Gear says, "You have to show the kids you're interested in them and there has to be a good rapport."

Jim Gear demonstrates canoeing techniques during a teaching session at Camp White Pine.

Army blitz tops target

More than \$5500 was raised by the Haliburton County Salvation Army during last month's campaign blitz.

Campaign organizer, Lieutenant Ron Mailman said in an interview that the door-to-door response was very positive this year.

"We went over our projected goal and we're satisfied," he said.

In Minden, donations from the business community were up close to \$90 and the residential donations up \$60.

The last weekend of May was one of the best for Haliburton, said Mailman. CGIT volunteers and community residents were out in full force to help the campaign, he added.

Sign by-law approved

The municipality of Anson, Hindon and Minden has received approval from the Ontario Municipal Board for an amendment to its zoning and land-use by-law which would permit the erection of business signs in the rural areas. The approval was received at the May 29 meeting.

The amendment allows businesses located in areas of the township zoned rural, to erect a sign up to 16 square feet in size. Only one sign is to be permitted and it must be located on the property on which the business is being carried on.

Welcome to a white water week

A SHORT HISTORY

Whitewater competition had its origins in flatwater racing with open canoes. The adoption of the Eskimo kayak and of the totally enclosed, decked canoe made it possible to run much rougher river. From here it was a short step to full-blown whitewater racing.

Competition whitewater paddling came of age in Munich in 1972 when kayak and canoe races were for the first time included in the Olympics. The "Kanu-Slalom" was the second most popular spectator sport at the summer Olympics, outshone only by track.

Political decision kept whitewater paddling from inclusion in the 1976 Olympics at Montreal in 1976; however, Canada hosted the thirtieth World Championship Kayak and Canoe Races at Jonquiere, Quebec, in 1979, the first time they had been held outside of Europe.

The 1981 races in Ontario are the fourteenth running of the Canadian Championships. As well as testing Canada's best, they are the springboard for our young athletes onto the next World Championships a month later in England.

The Schedule SATURDAY, JUNE 13

9 a.m.:

National Slalom Championships and

The events will continue until

The slalom events will be run in the

- C1--one man canoe
- K1--one man kayak, men
- C2--two man canoe
- K1W--solo kayak, junior
- C2M--two man canoe, men
- Masters--35 years of age and over

SUNDAY, JUNE 14

11 a.m.:

selection for the Canadian team

2 p.m.:

hot dog and free style

(starting time is approximate and will follow the schedule of the slalom races)

OFF TO THE RACES

The Basics in Downriver
In Downriver or Wildwater racing, the object is to paddle down a specified stretch of river in the shortest time.
Competitors are started in numerical order, one minute apart. Should one paddler overtake another the slower must allow the faster to pass. In case of an emergency, other competitors must go to the rescue of a paddler in distress. A boater may leave and re-enter his craft, but may not accept any outside assistance.

The Finer Points
For maximum speed, a paddler tries to stay in the fastest flow of a stream while avoiding waves which tend to slow forward motion. Of course, paddlers must also go around obstacles such as waves, rocks, ledges and overhanging trees.
To keep up speed, the skill needed to choose and navigate the best route is as important as a paddler's conditioning and stamina. Downriver kayaks and canoes with their specially designed "V" shaped hulls, have sacrificed maneuverability for speed; the route must be chosen far ahead.

The Basics in Slalom
In slalom racing, the object is to paddle a preset whitewater course in the shortest possible time. The course, rather like a ski slalom, is a series of gates which are hung from wires in places on the river which are in front of rocks, on waves and in eddies, challenging for the paddler. Unlike the ski slalom, the gate poles must not be touched, or a penalty will result. In addition, several gates may have to be run backwards or even upstream. The slalom course presents all of the typical difficulties of rapids in a short race.

The Finer Points
An experienced competitor will keep his slalom boat in smooth, co-ordinated and constant motion. A skilled racer picks the best current for each stroke. He can turn out of a downstream current and enter an upstream eddy gate with one stroke. He ships his boat around or under the gates.
Some paddlers, however, may have to struggle against being washed downstream if they misjudge their eddy turns, costing them valuable seconds.
Like all good athletes, the creme de la creme make difficult and technical manoeuvres look easy. A good paddler for example, uses a minimum of strokes to effect passage through a gate, or to turn his boat on the crest of a wave. An apparently effortless performance is the hallmark of true skill.

SENIOR LEAGUE

by Linda English

Wednesday was Wild West Day at Hyland Crest. Residents and staff alike were dressed in Western attire for the day. There were several events involving residents and staff. In the morning there was Cow Roping, Arm Wrestling, Yodelling, Cow Calling and a Calamity Jane Contest.

The winner of the Ladies Arm Wrestling was Isabella Avery and Royce Harrison was the strongest in the men's division. Henry Robinson and Ted Carr were the judges for Calamity Jane and agreed that Jessie Walter had the best costume.

Our residents also took part in the singing contest. Contestants were Winnie Johnston, Isabella Avery, Mary Langdon, Milly Wood

and Ida Schell. The songs they sang were Sweet Rosie O'Grady, Maxwellton Braes are Bonnie, There's a Long Long Trail A'winding, and Alphabet song. Millie Wood was picked the winner, singing When It's Springtime in the Rockies.

A number of our staff also sang some cowboy songs.

The kitchen staff prepared a delicious lunch of Chuckwagon stew and sourdough biscuits. Apple pandandy was served for dessert. Everyone was served their lunch on tin plates and were given spoons to eat with. The only thing missing was the campfire.

After lunch, everyone gathered in the auditorium for an afternoon of fun.

The Wild Bill Hiccup Contest was for men only. They had to impress the judges, namely Millie Wood and Jessie Walter with a display of their muscles. Henry Robinson was named Wild Bill for the day. The ladies also agreed that Bob Krick had the hairiest chest in the west.

After this competition the Grade 5 square dancers from Archie Stouffer Elementary School performed for us under the supervision of their teacher Mrs. Davis.

The afternoon activities were concluded with tea and lemonade and delicious biscuits prepared by the kitchen

Two residents of Hyland Crest grapple during the wrist wrestling competition, part of Western Days.

staff.

All in all it was a real fun day for everyone. I would like to thank the residents and staff for their participation and

Wednesday, June 10, 1981

for being such good sports. Also a special thanks to the square dancers and the teachers for bringing us the special events of the day.

The most Beautiful Homes of them All...

Lines from Lutterworth

by Jean Lacey

Hi! That sure was a lovely weekend we had although it didn't bring up too many visitors in our area.

Mr. John Lambshed, a student minister for the summer, and Mrs. Cicely Thompson from Bowmanville visited with Ken and Jeanne Bowron on Sunday.

Mrs. Lewis is home after visiting with her mother, Mrs. Bedlington, in Oakville, for a couple of weeks.

Mr. and Mrs. Walter Hopper were up visiting with friends in the area, through the week.

Private John Porter has returned to his base at Kingston after spending a couple of weeks furlough with his grandmother, Lil Porter.

Have you joined the Minden Horticultural Society as yet? If not, please do. The meetings are the first Tuesday of every month. Come and meet your friends and have a cup of coffee. There is something new every month, it could be slides or a display of flowers. Also there is a flower show coming up on August 20th and 21st. See you at the meetings?

Don't forget the Beef-Bar-B-Que and also the white water races next weekend.

The Dunsfords had their nephew Tom up visiting with them for a few days.

Hint of the Week

Don't put indoor plants outside for the summer. The boost in growth isn't worth the weeds and crawly things they're likely to bring back with them. Also, they're likely to sulk and need a long period of readjustment. What they don't know, won't hurt them. Leave them inside.

Most of us are willing to face the music only if we can call the tune.

Kids Korner
Well kids, exam time is here, hope you all do well.

Picnics
by Aileen Fisher
Picnics!
They have everything anyone wishes:
sleepy grass
and suntan sun
and swimming-off-like-fishes,
hamburgers,
and marshmallows,
and lemonade that swishes,
and paper plates,
and paper cups,
INSTEAD OF DOING DISHES.

What is big and green and likes yogurt and yorkshire pudding?
An Italian watermelon that moved to England.

What do you get when you cross peanut butter with an elephant?
(A) Peanut butter with a long memory
or
(B) An elephant that sticks to the top of your mouth

What would you do if an elephant sat in front of you in a movie?
Miss most of the picture

What is yellow, and weighs 8000 pounds and goes "chrip chrip"?
Two 4000 pound canaries

What's green and squishy and spends a lot of time under water?
An avocado with an aqua lung

What's yellow, wears a mask and never smokes or drinks?
The Lone Banana

Why did he become the Lone Banana?
He got tired of being one of the bunch

Bye for now. Take it easy. God bless till next time.

Hear that we may have yet another Mail Strike soon and saw a letter in Toronto Star on the weekend saying "How would we know the difference?" Strikes are the way the workers get more wages, but are they any further ahead, when prices keep rising?

Sincere sympathy goes to the families and friends of the late Mr. A.S. Lunham and Mr. Norman Craig who passed away since last week.

A bit late, but winner of the Minden Curling Club draw for the Barbeque on April 15 was Barry Jackson of Ancaster.

Congratulations to the newlyweds Mr. and Mrs. Jack Stevenson (nee Carolyn Baker) who were married on Saturday and everyone reports having a grand time at their wedding dance that night.

Joy Kellett and Tosha, of Atlanta, Georgia, spent last week visiting relatives and friends in the village.

Mr. and Mrs. Phil Robinson spent a day last week visiting Mrs. Noble Dunn and Mr. and Mrs. Leslie Robinson and Rickie, all of Lindsay, and then called on Mr. and Mrs. Gary Hamilton at Cameron on their way home.

The Travelways Bus chartered by Minden Women's Institute took the 47 passengers on their annual spring tour. First to Lange Village with its pioneer buildings and ladies or gentlemen in fitting costume telling the history of each one. Noon meal was at Miss Diana's and following this was a boat trip through the lift locks and explanation of how these work. Shopping at several malls and supper brought the day to an end. Mention should be made that we appreciate how patient the bus driver "Jack" was with us all.

Colin Hewitt, who attends University of Toronto, spent

the weekend with his mother Mrs. Ern Hewitt.

Coming events are the beef barbeque this Saturday by the County Fair, followed by a dance; the White Water Kayak Races are this weekend. Friday afternoons this month will be Rummage Sales at St. Paul's Parish Hall, upstairs from 1:30 to 4. Next Wednesday, June 17 will be the Women's Institute Pot Luck luncheon at 12:30 with everyone bringing own dishes so clearing away will be easier. Don't forget Music and Drama night at Archie Stouffer School this Thursday at 7:30 p.m. Students from grades 6, 7 and 8 will be performing and tickets are available at the door for \$1 each.

We have had some rain and some late frost, wonder when we can set out and not have to cover those plants. Cheerio until next time.

Protect your parts.

Extreme conditions can give your equipment a beating. Soften the blow with Shell Extrema*, an all-purpose grease that outlasted a competitive product seven to one. Shell Extrema performs well under high pressure, high bearing speeds, even water and road salt. So come to Shell Extrema, when conditions go to extremes.

*Registered trade mark of Shell Canada Limited.

Shell Super IV system.

Shell's Super IV system provides the products for a preventative maintenance program. With just four basic lubricants, you can minimize your downtime and simplify maintenance procedures. The Super IV was designed to meet most mixed fleet lubrication requirements, for reliability and long service life. These top-notch premium products give excellent protection against wear and corrosion. Get Shell Rotella* T, Shell Extrema*, Shell Spirax* HD, and a Shell Donax* T fluid, and you've got the Super IV from Shell. For more information ask for your free brochure.

IN MEMORIAM

Harrison - In loving memory of a dear son and brother who passed away June 9, 1980.

Somewhere beyond the shadow
Is a dear son and brother of ours
Whom we cherished so divine
But God called the one we loved so well away.
We never forget you Grant
We miss you so much, the blow was great, the shock severe
I little thought the end was so near.
Only those who have lost can tell
How sad is parting with no farewell.
Only God helps us to bear this heavy cross,
He only knows how heavy our loss.

Sadly missed by Mom, brother Harold.

CARD OF THANKS

We wish to take this opportunity to thank everyone who helped in any way to make our 25th Wedding Anniversary celebration a time we will remember always. Thank you.

Aubrey & Jacqueline Gostlin

Thank You!

We would like to express our deep appreciation to all those people who made it possible for us to purchase our specially-equipped van. A special thank you to Gerald Bain for managing the trust fund; Carol Stamp for the Snowshuffle dance; Carm Peters and the boys and Eric Howe and the boys from Oshawa for the music and everyone who donated to the fund. Your generous support has touched our hearts.

Grenville and Fay Stamp and family

Deferred Profit Sharing

If you're looking for a tax-deductible employee incentive program that could help you increase your company's profits, consider deferred profit sharing. It's an ideal way to provide yourself and key employees with additional retirement income - from company profits.

Call me about it soon.
